

**Paying for  
your own  
building work  
or home  
adaptations?**

Care and Repair have a bespoke building and adaptations service which offer a one stop shop approach from competitive quote, project management service right through to delivery.

## Who we are

Care and Repair Leeds is an independent home improvement agency. We are a registered society with charitable status. We are a proven, trusted partner of Leeds City Council and the Leeds Clinical Commissioning Group.

We have over 33 years of experience in supporting people to live independently in their own homes.

Our Building & Adaptations Service includes handpicked tradespeople specialising in a wide range of building works, and a dedicated team of Technical Officers guiding you through every step of the way.

## What can we do

We can help you to continue to live independently in your own home by making it warm, safe and secure, and we work with other partner organisations to ensure you can access all the support you need. We offer you choice and control to help you maintain your independence in your own home with practical, yet flexible, solutions tailored to your individual needs.

## Services available

**Minor and Major Adaptations** – e.g. accessible showers, full wet room conversions, building extensions for downstairs bedroom and/or bathing facilities

**Large or Small Repair Work** – e.g. roofing, re-wiring, heating systems

**Project Management** – we provide a dedicated Project Manager for your entire project from initial visit to full completion.

## Self funded adaptations & home improvements

If you need to pay for your own work you can rely on our award-winning team to make your home improvements, adaptations and/or modifications stress free, leaving you with a new lease of life.

We have an imaginative and adaptable approach, working closely with you and/or your family to make what you want possible in your own home.

Even if you already have a builder we can still help with project management overseeing works.
