

Specialist Bathrooms

At Care & Repair, we aim to give the choice of living independently to everyone.

We can help take the worry out of making changes to help you keep your independence at home.

This brochure is designed to help you plan changes that will help you use your bathroom more easily.

Care & Repair carry out many adaptations to bathrooms every year. We can advise you based on our experience and will support you with the choices you make whether it is a handrail, a new wet room or even an extension.

Who we are

We have over 30 years' experience in supporting home independence.

Our services have been used over 250,000 times.

We are proven, trusted, service providers to the council and NHS.

We are a local not-for-profit organisation; our priority is our clients.

How we work

We can offer a choice of practical, yet flexible, solutions personally tailored to our clients.

We offer choice and control to clients to help them maintain their independence.

We can offer a dedicated member of staff, who visits our clients at home to talk about their requirements.

We aim to offer a service to everyone, regardless of income and means.

We specialise in support for people leaving hospital, preventing falls, and arranging adaptations to the home.

Paying for the work

We will help to ensure you have access to any grants which may be available to help you to pay for the work.

Get in touch

The Safety Shower Bar works as a sturdy wall grip and is available with left, right and angled options to suit your bathroom.

Add a polished aluminium column for rigid and strong support and grip, floor to ceiling.

Aqua shield protects from limescale and is easy to clean. Available with a modesty panel for discreet showering.

2 in 1 Toilet Roll Holder with highly robust grips and stylish design to help you get up easier.

Toilet brush with Holder – wall mounted for easier reach and cleaning.

Straight Bathroom Safety Bar – available in three sizes and wall mounted for easy reach and easy grip.

Need more support? Add an attractive and clever grip for all the extra support, comfort and grip you might need.

With an entry height of 40mm, the **Bath Replacement Tray** ensures those with limited mobility are able to enter and exit the shower in comfort and safety. Features a new matt, slip resistant surface & tread pattern (DIN B '51097')

Slim and Stylish folding seat has a textured non-slip finish for security and neatly folds away.

If you are looking to replace a bath with a shower this bath replacement tray provides the ideal solution. The same size as standard baths the tray features an anti-slip surface and is 24mm deep. Add a glass panel with sturdy pole and accessories with attractive grab rails and seat.

Add extra support and grip with The Safety Shower Bar.

Straight Bathroom Safety Bar with grip for a reassuring level of grip in wet environments.

Supreme Glass Shower Panels provide ease of entry into the shower, with a modern design and easy to clean finish. Also available with modesty option.

The Level-Dec Easy Fit is very strong and able to withstand up to 300kg for those who require assistance in the shower, at just 22mm thick.

The Easy Fit Drain Plate can rotate 360 degrees to avoid all under floor wetroom obstructions for easier and fast application.

Non-slip vinyl floor and grate provides ease and safety when getting around the wetroom.

Where level access is required with either a tiled or vinyl floor, we have the solution for any different floor type.

In an assisted living situation we can offer a variety of solutions for bathroom adaptations for all levels of needs. Wetroom floors, grab rails, a comprehensive range of seats, plus shower door options including half height and bespoke with the option of glass with or without modesty panel or curtains.

Shower curtain provides privacy while showering, with easy care fabric. Machine washable.

We can offer colour contrasting design and equipment for improved visibility.

Can support up to 150kg.

Large colour contrasting rotary controls and panel with raised areas to aid navigation.

The shower has a thermostatic temperature control, adjustable maximum temperature setting and a phased shut down, ensuring a cool start for the next user – all for added safety.

Maxi-Grip Plus Hand Rail has soft grip for extra comfort and is ergonomically designed for secure grip, which is less likely to rotate under pressure.

The Slimfold Shower Seat has an easy to use fold down mechanism. The top of the seat is angled at 4 degrees to allow water to run down the back.

Slim design fits closely to the shower wall, only protruding 114mm when folded. Available in a range of colours or as a bench or horseshoe version.

Cross bracing supports add strength and aids access.

Slimfold Shower Seat is hygienic and easy to clean – solid surfaces with no dirt traps.

Simply push or pull the Elevate Handle to open and release doors, designed for those with weaker grip.

Drop Down Rails are perfect next to your WC, offering extra support when needed.

Pumped drainage is available for when gravity is not possible.

Fluted Hand Rails provide exceptionally good grip in wet environments. Secure and easy wall fixing. Can be colour coded to aid those who are visually impaired or with dementia.

Elevate Half Height Bi-fold Door features fully enclosed hinges that eliminate dirt and finger traps with colour contrasting and easy clean design.

The Clos-o-Mat Palma Vita Automatic WC shower toilet provides flushing, washing and warm air drying from one simple operation. It is user-friendly for people who have restricted use of their hands.

Care & Repair's promises to you:

- We will always arrange appointments when visiting you and we aim to notify you if we are unable to keep to the agreed time.
- All staff will have visible identification and will be polite, respectful, helpful, and professional.
- We will use clear, plain language and will provide information in the best format for you.
 - We will treat all your personal information in a discreet and confidential manner, and it will be securely stored.
- We will give you time to change your mind before any work starts.
 - We will ensure you are listened to at every stage.
- We will agree timescales with you; if delays should occur, we will keep you informed.
- We operate a Code of Conduct for all our contractors to ensure quality workmanship, courteous and respectful behaviour, punctuality, and cultural sensitivity.
- We will use your feedback to keep on improving our service.
